

## TROOP 778

# 2009 SCOUTING FOR FOOD

## NOVEMBER 14 - BAG DISTRIBUTION NOVEMBER 21 - FOOD PICKUP

MEET AT STANTON EACH DAY AT 9:45 AM

ALL SCOUTS MUST BE IN FULL UNIFORM

The Scout Buddy System will be in effect at all times on both days. Scouts must always be visible to either another Scout or a vehicle driver.

Dress for the weather. Bring rain gear if required by the forecast. Gloves, hats and jackets are strongly recommended for cold weather.

During the bag distribution on November 14, place the bags on doors handles. Tie them on with a simple overhand knot if the wind is blowing. Bags must not be placed on or in mailboxes.

During the bag pickup on November 22, Scouts should knock on the door if the food bag is not visible. Politely ask if the occupants have anything for Scouting for Food.

We may need parents to provide transportation on both days. Encourage your parents to participate.

Scouting for Food participation counts as service hours. It also counts as a Troop event for Scouts working on Tenderfoot, Second Class and First Class requirements.

After the bag distribution on November 14, 2010 Appalachian Trail participants will go on their first training hike.

The Patrol Leaders Council has scheduled a bowling party for the evening of November 22 to celebrate the completion of Scouting for Food and to have some fun at the same time.
